

## The Quality Contribution Award from Denso

Mitsui High-tec, Inc. has received the 2016 Quality Contribution Award from Denso Corporation who is one of Mitsui's valued customers of leadframes.

The Award recognizes Mitsui's defect-free supply in 2016 and the fulfilling products supply despite of the serious Kumamoto earthquake damages. Denso appreciates Mitsui's great efforts for keep providing quality products with no delay even after the quake.

At the 2017 Denso suppliers convention on May 22<sup>nd</sup> attended by about 350 foreign and domestic principal suppliers, President Mitsui received the Award from an executive of Denso.

34 suppliers out of about 350 suppliers received the awards from Denso and 7 of them, including Mitsui, received the Quality Contribution Awards.

The supplier award laureates were honored to made presentations and Mitsui impressed its "Zero Defect Project" to the attendees at the convention.

Mitsui will continue to provide reliable products to satisfy customers needs.
